

Cancer Support and Awareness

Course Overview

This course will equip you with a detailed understanding of how to recognise and prevent radicalisation and extremism, the principles of safeguarding, the Prevent duty and its importance in society, and the importance of online safety and British Values. This short course is great CPD for those working in health and social care, but is also suitable for those who care for someone living with cancer.

Course Content

This qualification is designed for learners who want to increase their knowledge and understanding of supporting adults living with cancer. It could be used to support the development of learners already working within the health care and social care sectors or for individuals providing informal care.

This course is split into four manageable units:

Unit 01: Cancer awareness

Unit 02: Introduction to the diagnosis and treatment of cancer

Unit 03: Introduction to cancer care and support

Unit 04: Introduction to end of life and bereavement care
