

Understanding Personal Care Needs

Course Overview

Britain has an increasingly ageing population, and the number of adults needing around-the-clock care is on the rise. As well as the need for medical care, there is also a need for high levels of personal care to allow those who need support to live as comfortably as possible. This fully online qualification helps you to develop a person-centred approach to delivering high levels of personal care. You will cover how to support personal hygiene, foot care, oral health, pressure area care, and sepsis.
